

January 2022, Miami, Florida, US.

Starting January 15, 2022, Identidad Technologies will manage all ILD business for Liberty Latin America.

We are proud to announce that starting January 15, 2022, Identidad Technologies has been granted exclusivity in managing ILD business for the Liberty Latin America market.

After years of working with Cable & Wireless in the Caribbean and Panama we are delighted to share this alliance; *“As a company, we are honored and highly appreciate the trust granted to us by Liberty Latin America. We strive to maintain Liberty Latin America's outstanding quality and will be placing special attention to service, which we plan to constantly improve through our own technology.”*, stated Andrés Sánchez, Identidad Technologies CEO, earlier this week.

The new business agreement for voice interconnection will centralize all management of ILD in the following markets of the Caribbean:

► **Cable and Wireless Communications**

Antigua and Barbuda
Anguilla
Barbados
British Virgin Islands
Cayman Islands
Dominica
Grenada
Jamaica
Montserrat
St. Kitts
St. Lucia
St. Vincent and Grenadines
Trinidad and Tobago
Turks and Caicos

► **BTC**

The Bahamas

► **Flow**

Bonaire
Curaçao
French Saint Martin
Saba
St. Eustatious
St. Maarten

Please note that if you have any business with any of the companies above mentioned, we will be getting in touch with you to define how we will proceed with the connection.

About Identidad technologies

Identidad Technologies is a global telecommunications carrier and communications solutions company with more than 20 years of experience in the industry. Their portfolio includes voice, SMS, Network Solutions, omnichannel communications solutions (Yellow Push) and IoT. Their experience in the industry has placed them in a leadership position in Voice and SMS for the Latin-American and Caribbean markets.

With technological innovations at the core of their business and a nimble spirit, they have maintained a lean and efficient operation and generated over 30% gross income growth year over year since 2015.

Today, they leverage an agile and flexible business platform that constantly expands into new markets and introduces new products to their portfolio.
